Step 3

Extra Value

- Use different colour wools, felts and feathers.
- Instead of using a feather, try a leaf or flower.
- Try using newspaper instead of felt.

Take a triangle of felt and lay it on your work surface.

Punch many holes along one edge and fold it in half. Ask a grown up to help with this bit.

Thread your wool through the holes and tie a knot in each end. Once this is done, snip two cuts on the side of your hat and slide your feather in. There you go, a perfect pixie hat. Job done!
