Cold and Warm Colours

Make unique works of art in a whole new way!

You will need:

- Paper
- Pencil
- Coloured pens, pencils or paint
- Paintbrush

1

Colours from reds to yellows are known as warm colours. Colours from blues to greens are known as cold colours. What happens if you use warm colours to paint a cold picture?

2

Draw an igloo scene in pencil. Use warm yellow and orange for the sky and igloo. Use brown for the mountains and pink for the snow at the top. Experiment with different combinations!

3

Next, why not paint a warm scene using cold colours?
